Learning Outcomes

On completion of this course, learners will be able to:

- LO1: Explain how goal-driven AI agents support LinkedIn marketing and define safe tool, evidence, and human-approval boundaries.
- LO2: Optimise a LinkedIn profile and write reusable prompts that preserve an authentic professional voice.
- LO3: Create evidence-grounded LinkedIn posts, articles, visual briefs, carousels, and a coherent content calendar.
- LO4: Research and segment prospects from authorised information, then draft relevant connection and nurture messages for human review.
- LO5: Design a draft-first content, engagement, and follow-up workflow that respects LinkedIn rules and professional etiquette.
- LO6: Define LinkedIn performance metrics, diagnose synthetic results, and recommend one bounded improvement with a traceable decision record.

Learning Reinforcement

- Every topic is followed by hands-on labs that learners complete on their own machine.
- Each lab ends with a 'Test it' verification step so learners can confirm their own progress.
- The trainer circulates during lab time to give individual feedback and unblock learners.
- Each topic closes with a recap mapped back to the course learning outcomes.
